

History of the Instruments

Object:

To research and understand the origins of your musical instrument and present the information in an organized manner.

Project Options:

Paper- 1-2 pages if typed (12 point font only double spaced! 2-4 pages if hand written)

or

Poster Display (3-D, with pictures and 1 page write up)

Information to include*:

Where developed (country, town, etc...)

When invented/developed (what year, historic period)

Who invented/developed (may be more than one person)

How it changed over time

(i.e. added keys, got smaller, made from a new material etc...)

Famous people/events/locations associated with instrument
(a famous concert, a famous piece of music, a well-known person)

-Be sure to put as much information as possible- more is better!

How it will be graded:

Content- 80 points/must include all information above

Technical- 20 points based on neatness, format, grammar

Creativity- Extra points for being creative !!

**THE BEST PAPERS AND POSTERS WILL BE
DISPLAYED!!**

*Be sure not to just copy and paste from the internet onto your project- that is stealing!
