Online Choices:

The negative aspect of online purchase is the lack of a repair contract and insurance a local music companies provide.

If you find a good deal on a used instrument, great! Please let us check it for quality and for any needed repairs BEFORE purchasing. We can also help you with making a bid on the instrument (if negotiable). Craigslist is sometimes a good source because they are local; however, you must be careful. Let us help you on screening these ads for good deals -vs-scams. Purchasing from eBay is not recommended. Please DO NOT purchase instruments from Sears, Target, Sam's Club, or from other countries not approved by an experienced band director!
